FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

BEFORE THE

Federal Communications Commission

In the Matter of)
) MM Docket No. 01-177
Amendment of Section 73.202 (b),) RM-10196
Table of Allotments, FM Broadcast Stations)
(Screven, Georgia))

To: Chief, Allocations Branch, Mass Media Bureau

COMMENTS

Radio Statesboro, Inc. ("RSI"), licensee of FM Broadcast Station WMCD, Channel 261C2, Statesboro, Georgia, through its attorneys and pursuant to Sections 1.415 and 1.420 of the Commission's Rules, hereby submits its Comments in the above-captioned Notice of Proposed Rule Making, DA 01-1861, released August 3, 2001 (the "Screven, GA NPRM") and, in support thereof, sets forth the following.

1. **Proposal.** International Systems Corp. proposes to allot Channel 260A at Screven, Georgia, as that community's first local aural transmission service. Screven, an incorporated community comprising 5.613 sq. kilometers and located in Wayne County Georgia, has a 2000 U.S. Census population of 702 persons. Screven's population has declined by 14.3% from the 1990 U.S. Census population of 819 people and since 1970 has declined by 25% (the 1970 U.S. Census population was 936 people, the 1980 U.S. Census population was 872 people (a decline of 6.8%

from 1970), and the 1990 U.S. Census population was 819 (a decline of 3.2% from 1980)). Screven is governed by an elected mayor and a five person city council, has no daily or weekly newspapers, one public elementary and no private schools, three churches, a few businesses and one civic and/or social club. Screven, GA NPRM at n. 1 and Attachment A.

2. **Counterproposal.** The Screven allocation proposal conflicts with RSI's counterproposal, filed on July 30, 2001, in response to a Notice of Proposed Rule Making in MM Docket No. 01-123 (RM-10139), released June 8, 2001 (the "Darien, GA NPRM") proposing the allotment of Channel 262A at Darien, Georgia, as that community's second local FM transmission service. RSI's counterproposal in MM Docket No. 01, hereby incorporated by reference, contends that the public interest would be better served by, in lieu of the proposed allotment at Darien, Georgia, substitute Channel 261C1 for Channel 261C2 at Statesboro, Georgia, re-allot that Channel to Rincon, Georgia, and modify the license of WMCD to specify operation on Channel 261C1 at Rincon, Georgia. Rincon, comprising a land area of 14.839 sq. kilometers with a 2000 U.S. Census population of 4,376, is one of the fastest growing communities in Georgia (with a current population of approximately 5,220); Rincon has no local radio transmission service.

3. As set forth in the technical statement of Graham Brock, Inc. at Attachment B, RSI's proposal to remove Channel 261 from Statesboro, Georgia, to Rincon, Georgia, would not create any white or grey area and would still leave Statesboro with four local full-time aural transmission services (two FM and two AM). Moreover, reallocation of Channel 261 from Statesboro to Rincon would create a loss area of 257 sq. kilometers comprising 5,531 people; in this loss area, WMCD currently provides a fourth service to 3,254 persons within a 16.6 sq. kilometer area and a fifth service to 2,205 persons within a 223.9 sq. kilometer area. The Rincon gain area, however, would

cover 10,535.5 sq. kilometers comprising 427,194 persons and would result in the provision of a fourth aural service to 253 persons in a 7.4 sq. kilometer area and a fifth aural service to 50 persons in a 11.6 sq. kilometer area.

4. **Discussion.** In contrast to RSI's Rincon counterproposal, the proposed Screven, Georgia, allocation would provide service to only 33,930 persons in a 2,516.1 sq. kilometer area, all of which is well served with five or more full time aural services, and the proposed Darien, Georgia, allocation would provide service to only 38,504 persons in a 2,516.1 sq. kilometer area all of which is well served. Rincon is not in an urbanized area and the proposed 70 dBu contour of the Rincon facility would provide service to only 29.6% of the Savannah, Georgia, urbanized area; accordingly, there can be no question that Rincon qualifies for a first local service preference under the Commission's allotment priorities.^{1/} Based on the gain-loss analysis set forth in Attachment B, the public interest would be best served by the Rincon allocation rather than either the Darien or Screven allocations.

5. If RSI's Rincon counterproposal is adopted by the Commission, RSI will promptly implement such allotment change by filing an application to modify the license of WMCD and, upon

^{1/} The FM allotment priorities are: (1) first full-time service; (2) second full-time service; (3) first local service; and (4) other public interest matters [co-equal weight given to priorities (2) and (3)]. See Revision of FM Assignments and Procedures, 90 FCC 2d 88, 92 (1982).

approval, construct such modified facilities.

Respectfully submitted

RADIO STATESBORO, INC.

Georgia Department of Community Affairs County Snapshots

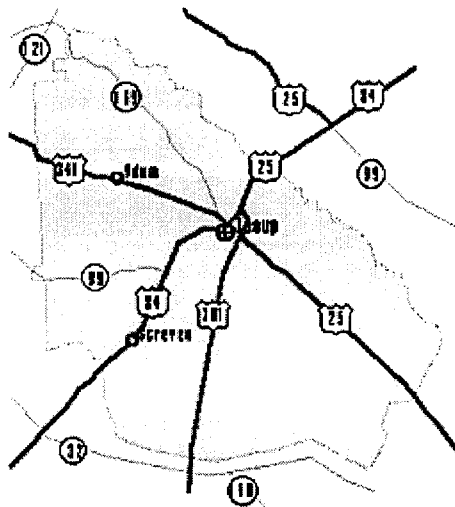

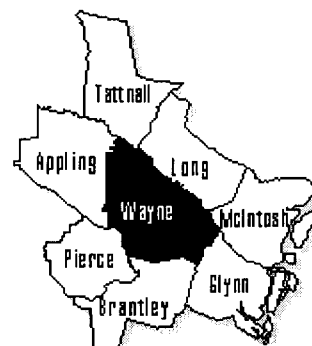

Wayne County

- Georgia's 28th county, Wayne County, was created in 1803 from Creek Indian land. The county bears the name of a flamboyant Pennsylvania commander in the Revolutionary War, General "Mad" Anthony Wayne. Until 1850, the county bragged that it had no jails and needed none.
- Wayne County includes three incorporated municipalities: Jesup, Odum and Screven. The county seat was moved to Jesup in 1874. The current courthouse, built in 1803, is on the National Register of Historic Places.
- Often called "the town that trains made," Jesup's history is full of railway lore. In 1890, 57 trains per day made stops in Jesup, passenger fares collected averaged \$1,000 per day, and the rail yard could hold 500 cars. Residents relied on the trains to set their clocks, provide entertainment, and sound alarms in emergencies. By 1924, Jesup was known as the railway center of South Coast Georgia. Trains still stop for passenger service three times daily.
- Wayne County hosts four annual festivals--: Jesup's Dogwood Arts & Crafts Festival, the Fourth of July Celebration in Screven, Odum's Homecoming Day, and the autumn Altamaha River Heritage Festival.
- For recreation, residents of Wayne County may choose from many water sports. The Altamaha River offers canoeing, boating and fishing. Skiing competitions on Lake Kenerly attract national athletes. One of Wayne County's swimmers, David Larsen, became an Olympic Gold Medalist.
- Wayne County is home to two Wildlife Management Areas: Little Satilla and

Demographics

**Educational Attainment:
% of Population Age 25 and Over
(1990) ▼**

**Infant Mortality,
Five Year Average ('89-'93)
Rate Per 1,000 Live Births ▼**

- According to the 1990 Census, the population of Wayne County was 22,356 persons. The county's population grew between 1980 and 1990 at a rate of 7.7%, compared with a state average growth rate during the period of 13.2%. The county's projected population for the year 2000 is 24,326 persons.
- In Wayne County, 80% of the residents were white and 19.5% were black, according to the 1990 Census. Hispanics, who may also be identified as either white or black in the Census data, constituted 0.8% of the county's population. Statewide, 71% of residents were white, 27% were black and 1.7% were Hispanic.
- In addition, 32% of the county's residents were age 19 or younger, while 11.6% were age 65 or older. Statewide, 30% were age 19 or younger and 10% were age 65 or older.
- In Wayne County, the 1990 Census reports 7.8% of households were headed by females and had children under 18 years of age, compared with 8% statewide. Total households with children under 18 comprised 39% of all households in the county and 36% of those in the state.
- The 1990 Census indicates that 35.6% of the adult population in Wayne County had completed high school, which was greater than the state average of 29.6%. A total of 27.3% of the county's population had at least some college level education compared with the 41.3% state average.
- Between 1991 and 1995, an average of 6.7% of students in grades 8 to 12 dropped out of school each year in the county. Statewide, the average percentage of dropouts was 6.7% for the same time period.
- Wayne County spent an average of \$3,426 per pupil for public education each year between 1990 and 1994. This expenditure was less than the statewide average of \$4,002.
- Between 1989 and 1993, the infant mortality rate (infant deaths per 1,000 live births) was 9.3 for the county. The statewide rate was 11.3 during the same period.
- In 1992, the number of physicians in the county per 1,000 population was 1.01, compared with the 0.8 state average. Wayne County had 6.2 hospital beds per 1,000 population in 1994, which was greater than the statewide average of 3.6 beds per 1,000 population.
- According to the 1990 Census, 65% of the housing units in the county were owner occupied. The median value of these units was \$44,500. Across the state, 76% of housing units were owner occupied, with a median value of \$70,700.
- Between 1990 and 1994, the county's index crime rate (crimes per 100,000 population) was 3,171. Statewide, when moving from the

highest index crime rate to the lowest, Wayne County ranked number 67. Of this five year average, 14.9% were violent crimes, while 85.1% were non-violent crimes.

- In 1992, 67.7% of the adult population in the county was registered to vote. Of those registered, 70.3% voted in the 1992 general election. Statewide, in 1992, 67% of eligible Georgians were registered to vote. Of those registered, 73% voted in the general election that year.

Circa 1903

Today

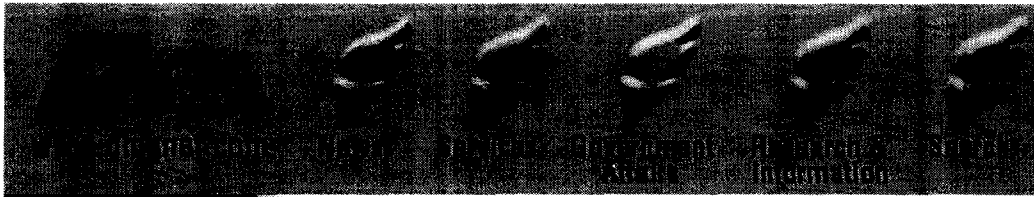

History of Wayne County

Wayne County was created by the Legislative Act of 1803. Wayne County was the 28th county to be formed in Georgia. The courthouse that now stands in Wayne County was built in 1903. The town of Jesup was incorporated October 21, 1870. The town of Screven was incorporated August 19, 1907 and the town of Odum was incorporated August 22, 1907. Wayne County's population is 22,356 (based on the 1990 Census). Wayne County is large in area size, being 646 square miles. We have

a total of 938 road miles. Wayne County is in the 6th State Senatorial Districts, 170th and 171st State House Districts, and the 1st U. S. Congressional District. The largest employer in Wayne County is Rayonier with the Wayne County Board of Education being the second largest. The county is divided into five districts. A commissioner is elected from each district. Wayne County has the county administrator form of government. This form of government was voted in by the people in 1963.

Screven Government

- There is a Mayor and 5 member City Council
- There is a city clerk and a city attorney, as well as other administrative staff
